

LUMIGLAS LED Luminaires

Features

- **Fit & Forget:**
Extremely long operating life and reliability
- **Durability:** Impact & Vibration resistant
- **No heat radiation from lens:**
Will not heat product in vessel
- **Low energy consumption**
- **In the event of one or more diodes failing,**
sufficient lighting power will remain

Technical Data

- Operating life approximately 100,000 hours (11 years free of maintenance)
- With push button switch
- Voltage: 230V (integral transformer)
- Output: 1000 lux at 1m distance (Rating: 20W)
- Housing of stainless steel
- Mounting Options: Secure to sightport flange with bracket or upstand or mount directly to a Sanitary (e.g. Tri-Clamp) fitting for sterile applications
